

EXHIBIT A

**UNITED STATES DISTRICT COURT
SOUTHERN DISTRICT OF NEW YORK**

UNITED STATES OF AMERICA

against

RUBEN WEIGAND, and

HAMID AKHAVAN a/k/a “Ray
Akhavan”,

Defendants.

No. 20-CR-188 (JSR)

**SUPPLEMENTAL DECLARATION OF
OKORIE OKOROCHA IN SUPPORT OF
DEFENDANT AKHAVAN’S OPPOSITION
TO REMAND**

SUPPLEMENTAL DECLARATION OF OKORIE OKOROCHA

I, Okorie Okorocha, declare as follows:

1. I make this supplemental declaration of personal, firsthand knowledge, and if called and sworn as a witness, I could and would testify competently thereto.
2. I have reviewed lab results for Hamid Akhavan for supervised urine tests collected daily from August 22 through August 29, 2020, a true and correct copy of which is attached as Exhibit A (“Test Results History”).
3. Mr. Akhavan tested negative for all drugs screened, including cocaine metabolite and buprenorphine, the active ingredient of Suboxone.
4. The only positive detections in the test results were for Ethyl Glucoronide and Ethyl Sulfate on August 27 and August 29, 2020, which are associated with drinking alcohol. Under the terms of Mr. Akhavan’s conditions of release, a true and correct copy of which is attached as Exhibit B (“Conditions of Release”), Mr. Akhavan is allowed to consume alcohol.
5. The Test Results History show that Mr. Akhavan tested negative for the active ingredient of Suboxone each day for a week after his alleged Suboxone positive screening “Handheld Test” at Inland Valley Recovery System (“IVRS”) on August 21, 2020. It is extremely unlikely to be positive for Suboxone one day (August 21, 2020) and be negative the

very next day (August 22, 2020), since Suboxone typically lasts in a user's system between two weeks and one month. Accordingly, the Test Results History further bolsters my opinion that the Handheld Test showing allegedly positive results for Suboxone is entirely unreliable and flat-out inaccurate.

6. Moreover, it appears the confirmatory testing instruments used to test Mr. Akhavan's daily urine samples between August 22 and August 29, 2020 are sophisticated and detailed because of the high specificity for a wide-range of drugs. When compared to the Handheld Test, which is an unsophisticated, rudimentary, preliminary screening test, it is clear the test results for Mr. Akhavan after his discharge from IVRS are much more accurate and reliable.

7. In summary, it is my opinion that the Test Results History, attached hereto, are the only results the court should consider when determining whether to violate Mr. Akhavan. These results show Mr. Akhavan did not have any drugs in his system, and thus, he should not be found in violation of his Conditions of Release.

I declare that the foregoing is true and correct.

Executed on this 2nd day of September, 2020, at Pasadena, California.

The Honorable Jed R. Rakoff

Re: Patient Hamid "Ray" Akhavan

Dear Judge Rakoff:

I write this letter to you on behalf of my patient, Ray Akhavan. I began daily hour-long phone sessions with Mr. Akhavan on Saturday, August 29, 2020. The purpose of our sessions is to develop a continuing recovery plan for his self-reported polysubstance dependence.

I am a licensed Marriage and Family Therapist (LMFT) with a private practice dedicated to treating addiction, trauma, and other related issues. I am also the Clinical Director of the Red Door Treatment Center, which uses evidence-based methods for recovery from drug and alcohol addiction.

I am assembling a multidisciplinary team of professionals to work with Mr. Akhavan and putting together an extensive continued recovery plan for Mr. Akhavan, that would include the following:

1. I will provide daily individual sessions to work on impulse control and distress tolerance skills.

2. I will teach Mr. Akhavan recovery skills using mindful meditation, Cognitive Behavioral Therapy ("CBT"), and Dialectic Behavioral Therapy for Substance Use Disorders ("DBTs").
3. I will be using an effective therapeutic technique named "Eye Movement Desensitization Reprocessing ("EMDR") to address his complex post-traumatic stress disorder and emotional and physical abuse in his childhood.
4. Our family therapist will provide weekly family therapy sessions with Mr. Akhavan's children and ex-wife.
5. Mr. Akhavan will attend one and a half hour Intensive Outpatient Therapy sessions three times a week on healthy relationships, addiction, and life skills.
6. Our team members currently conduct supervised urine tests, send the samples to Millennium Health in San Diego, California, analyze the tests, and provide the results to the Court when requested.
7. Mr. Akhavan will continue to attend virtual Narcotics Anonymous and Alcoholics Anonymous classes, which will help him have a sober support system.
8. Mr. Akhavan will continue to have the support of a sober living coach who resides with Mr. Akhavan. The Red Door Life's sober coach provides containment and monitoring to help him maintain his recovery.

Mr. Akhavan is self-motivated and compliant in all of the recovery plans thus far. I believe he is dedicated and committed to his recovery. Remanding Mr. Akhavan to custody at this time would be a massive interruption to the recovery plan I've developed. He would be unable to participate in family therapy sessions and receive treatment for his Complex Posttraumatic Stress Disorder.

I have 25 years of experience working in addiction treatment; the treatment services provided while in custody pale compared to the extensive individual, group, and family sessions, and other support that Mr. Akhavan requires for his treatment.
